BOOK BY 10 NOV

This is a pre-order. Booking closes at 11:00 PM on Tuesday 10 November and no orders are taken after that. Delivery is on the morning of 14, 15 or 16 November — tell us which morning when you book. The daura, soop and seasonal items come in from suppliers on one run, so the list has to be final before buying starts. Arghya times on this sheet are calculated for Hyderabad, not New Delhi.

Fruits for the arghya

What goes in the soop and is raised to the sun. Bought at the mandi the same morning they reach you — Chhath fruit that has sat three days in a dark store is not what you want in your daura.

Only need the daura and soop?

Both can be ordered on their own, and so can any single item on this sheet. They are the two things hardest to find in Hyderabad — message us and we will send just those.

About the thekua

Made in our own licensed kitchen (FSSAI 23624032004550) in the days before the festival, with atta, gur and ghee. If the vratti cooks the prasad herself, say so and we will leave it out.

Ghats and samitis

Send a headcount rather than a basket size and we will quote the quantities. Same deadline applies — book by 10 Nov, 11 PM. Delivery is free either way.

Puja essentials

The daura and soop are the basket itself — carried on the head to the ghat. Everything else is what is set inside them.
