Daily milk costs less

Put milk on a standing daily order and it is priced below the one-off rate. Demand we know in advance is cheaper for us to buy, and that saving should reach you.

Tell us your litres a day and we will give you the number.

For kitchens

- Wholesale rates by volume
- Weekly locked pricing
- One consolidated GST invoice
- Delivered before prep starts

Most kitchens should take regular paneer by the kilo — in a gravy the difference is invisible and the saving is not.

No analogue paneer

All three tiers are set from milk and an acid only. We do not sell analogue or non-dairy paneer, which FSSAI requires be labelled as such and never sold as paneer.
