

Bought after you order

Nothing is bought until you have asked for it, so nothing sits in a cold room waiting to be sold.

A fresh basket, next morning

7–10 AM or at a time you choose, every day including Sundays. ₹699 minimum, delivered free.

PRICES CHANGE DAILY

Vegetables, fruit and flowers are bought fresh at the mandi every morning, so their rates move with the market. **Message the Rozbasket team for today's prices** — we will send the current rate for anything on this sheet, and hold it for the week on a standing order.
